How to complete your SuperValu Tidy Towns Entry Form

The following notes are intended to assist Tidy Towns Committees in the completion of the 2018 Entry Form.

1. Adjudication Period:

The adjudicator will examine new or continuing projects which have been completed between 1st June 2017 and 31st May 2018. Adjudications commence in June and are completed by mid August.

2. Clarity of information:

This may be the adjudicator's first visit to your town or village so please ensure that your entry form and especially the map are very clear. Pay close attention to clearly showing your Tidy Towns adjudication boundaries.

3. Identifying Projects:

Please number each new or continuing project for 2018 on your Entry Form under the correct category. These numbers should be shown on the legend to the town or village map where relevant. If you have no new work in any adjudication category please do not leave that category blank, just state 'no new work for this year'. If any adjudication category is left blank this may affect marks under the Community - Your Planning and Involvement adjudication category.

4. Size of the entry:

Marks are awarded for the quality of your entry form. The form should be concise and should clearly reference new works undertaken since June 2017. With regard to your new or continuing projects, identification and location details are important. Accordingly please ensure that;

- a. The location of each separate project is marked on the map where this is appropriate. Obviously, this requirement may not apply to some items - for example survey work.
- b. Provide a brief description of the project with appropriate details.
- c. Indicate when the work started and when it finished, or the proposed completion date for on-going or long-term projects.

5. Your Map

A good town or village map is essential to your entry. A **hand-drawn** map is perfectly acceptable if a formal printed map is not available or suitable. The map should be of a manageable size, A4 or A3 depending on the layout of your town or village. On the map please name all streets and roads as necessary and mark the key public buildings and landmarks. You are advised **not** to use Google mapping as this is often unclear/inaccurate. You may find the Ordnance Survey Ireland Urban (or Rural as applicable) 'Place' Maps most useful. A clear legend is an essential part of a map and you are recommended to include a legend on the map sheet itself. When numbering projects, your first project under Streetscape & Public Places should be numbered 1, and carry this numeric sequence into subsequent categories.

Numbers should not be replicated. Failure to include an adequate map may affect marks under the Community - Your Planning and Involvement adjudication category.

6. Back-Up Information

Backup information should be as concise as possible and should only relate to this year's entry. All additional information should be clearly referenced to the appropriate category in the entry form. **Do not use ring binders** as these can come apart. 'Poly-pocket' file folders are acceptable. **Do not laminate additional documents** as this prevents an adjudicator making notes on these pages. Adjudicators may not always be able to refer to websites or social media for further information. We recommend you do not include loose documents or photographs with your application but if you do, mark them all clearly with village or town name and the date of when the photograph was taken.

7. Photographs

Photographs can be of great assistance to your adjudicator. Before and after photographs are helpful, just a pair of photographs of each new project is recommended. If you are including photographs we recommend you use the Word version of the entry form, with the photographs electronically inserted under the appropriate category.

8. Submitting your Entry Form

You can submit your Tidy Towns entry using either this Entry Form booklet or the electronic format Word document available on www.TidyTown.ie. **Use one version only.** If submitting material in addition to this entry form please post your entire entry in one envelope. The inclusion of CDs/DVDs etc. is not recommended.

9. Special Awards

Details of all the Special Awards and how to enter them are included at the end of this booklet. Please do not insert Entry Forms to the Special Awards into your Tidy Towns Entry Form as these are separate competitions and are judged by the Special Awards sponsors. They can, of course, be posted in the same envelope. If you have entered one or more of the Special Awards which is relevant to a Tidy Towns category you should also record this as a project on your Tidy Towns Entry Form.

10. Closing date

It is important that completed Entry Forms are posted to reach the Tidy Towns Unit before the closing date of May 23rd, 2018. Late Entries or additional material sent after that date may not be accepted once adjudication has commenced. **A copy of the competition Terms & Conditions are contained in your Tidy Towns Pack.**

Completed Entry Forms should be returned to:
Tidy Towns Unit,
Department of Rural and Community Development,
Government Offices,
Ballina, Co. Mayo,

All Ireland Pollinator Plan: Local Authority Pollinator Award 2018 Prize Fund: €9,000

The Local Authority Pollinator Award aims to encourage TidyTown groups to implement pollinator friendly actions in their towns and villages as part of the TidyTown competition. Irish bees, crucial in the pollination of our plants, trees and vegetables, are in decline. This is because we've drastically reduced the areas where they can nest and the amount of food our countryside provides for them. The aim of the award is to reverse this trend by encouraging TidyTown groups to take simple measures such as leaving wildflowers to grow along roadsides, field margins, and/or using more pollinator friendly plantings in parks and gardens. The award supports the All Ireland Pollinator Plan 2015-2020 and is co-ordinated and sponsored by the Heritage Offices & Biodiversity Offices of Local Authorities across Ireland, in partnership with the National Biodiversity Data Centre.

There are two award categories:

- Village or Small Town
- Large Town or Urban Centre

A prize of €1,000 will be awarded to the four Regional winners in each of the two categories. Out of these eight regional winners, one overall national winner will receive an additional €1,000. Awards will be given to all categories, subject to satisfactory standard being reached.

Our Community Climate Action Award Prize Fund: €5,000

Sponsored by the Department of Communications, Climate Action and Environment.

Climate change presents key challenges for all of us. We must ensure that what we do today does not compromise our environment, but instead enhances it and makes it a place where all generations, current and future, can live in a sustainable way. Through the "Our Community Climate Action Award", we are aiming to promote leadership in communities in addressing the challenges posed by climate change and to encourage all of the community to take positive action to reduce greenhouse gas emissions and protect their community from the impacts of climate change.

This year, we are looking for you to tell us about one key initiative underway in your community which makes a positive contribution to the climate challenge – Our Community Climate Action. The action should be innovative and easily replicated in other local communities. Recognising the key role of the younger generation in the climate challenge, an award is also available this year for a Young TidyTown committee on the same theme.

For more details see www.tidytowns.ie or www.dccae.gov.ie

Sustainable Development Award Prize Fund €5,000

Sponsored by the Department of Communications, Climate Action and Environment

Sustainable development is about an inclusive community that respects all the elements that make up our community, biodiversity, social diversity and most of all our own diversity.

We would like you to either create a new community walkway or build on an existing one in your community. The goal for this project is to create a place where people can meet friends and get some light exercise. Ideally the walkway would be created in an area which was in need of regeneration.

The newly created portion of walkway should be at least 300 metres with items of interest all along the route and a seating area at about 150 metre intervals. We would like you to plan a route, create a map, encourage walkers with attractions and provide a place to rest. The positioning of the seating areas should allow people of all ages and physical fitness to participate.

Clean Air Award Prize Fund €3,000
